We have made every effort to provide you with a healthy puppy. We guarantee that all vaccinations and worming medications are current as stated on the provided vaccination schedule. For this health guarantee to take effect Purchaser must have this puppy examined by a licensed veterinarian of their choice within 3 business days of taking possession of this puppy at the Purchaser's expense. If this puppy is found to have a life threatening hereditary congenital defect or any major health problem at this exam, a full replacement or refund will be given, provided the Seller is notified with a written letter stating the congenital defect or major health problem from the vet within 3 business days from the date of purchase, this warranty becomes null and void. Seller will not be responsible for any veterinarian bills incurred by the Purchaser.

Some disorders may be caused by environmental factors and as such, this guarantee does not include the following: injuries incurred after the puppy has left the Seller, kennel cough, fleas, mites, coccidia, giardia or any other intestinal worms/parasite. This guarantee also does not cover cancer, undescended testicles, uneven bites, umbilical hernias, Class I or Class II heart murmurs, demodectic mange, scabies, allergies and other autoimmune system disorders. Seller will not be responsible for Parvo, Distemper or comona virus after 3 business days of the sale, as these are highly contagious diseases and they can be contracted immediately after leaving the Seller. Therefore, it is highly encouraged that you do not take your puppy to dog parks, pet stores, and such. Seller will not be responsible for illness or health problems, which are diagnosed after this time period, except where stated in this contract.

Your puppy is guaranteed for two(2) years from the date of birth against life threatening congenital defects. If within that time a life threatening congenital defect (not to include parvo virus, distemper virus, heartworms or any nutrition related disease) is found by a licensed veterinarian, the Seller will replace the puppy with another puppy of the same breed, quality, and price. The replacement will be subject to availability (within 12 months). The puppy will be replaced and no moneys will be refunded. The Purchaser must provide at Purchaser's expense, a written statement from a licensed veterinarian. Seller will not be responsible for any veterinarian bills incurred by Purchaser. Seller will

not be responsible for illness or any health problems, which are diagnosed after these time periods. In the unlikely event of this puppy's death in the first two(2) years, due to congenital defect, a statement from a licensed veterinarian confirming such an event and cause is required before any action will be taken by the Seller. If cause is unknown, an autopsy is required by a licensed veterinarian at the Purchaser's expense.

Please take the puppy's shot record provided to you to your veterinarian, as it is important to continue with these vaccinations and worm treatments after you take your puppy home. Please do not forget the annual booster after that. You, the Purchaser, agree to insure your puppy's good health and to keep our guarantee in effect by taking good care of the puppy and providing good food, housing and good medical care. The puppy must be kept current on all vaccinations, worm treatments, and be on preventatives. Please remember that puppies are babies and they need lots of tender loving care!

This contract is valid only for the original purchaser of the puppy. If the dog is transferred to another owner this contract is null and void. This contract is null and void if any of the terms and conditions is not fulfilled.

**OPTIONAL EXTENSION ADDENDUM TO BREEDERS  
CONTRACT**

“Due to the varying kinds of food and different environmental conditions the puppies come in contact with; and the fact that all puppies have immune systems that take time to mature, we highly recommend NuVet Plus® immune system builder to help them maintain optimal health. We are so confident NuVet Plus will benefit your new puppy; we extend this guarantee by 36 months. To qualify for this extension you must give your new puppy NuVet Plus, using the manufacturer’s recommended daily dosage, for the entire guarantee period. Failure to do so makes this guarantee extension null and void” We also highly recommend you continue to give your pet NuVet Plus beyond the guarantee period to promote optimal health for a lifetime.
